RVW417170

Vario wine climate cabinet Expressive series

Fully integrated, with glass door.

Niche width 45.7 cm, Niche height 213.4 cm.

Highlights

Automatic tempering programmes (sensor-based) for achieving precise drinking temperature.
3 independently controllable climate zones, thereof 2 with automatic tempering programmes.
Consistent temperatures with exact control from +5 °C to +20 °C (manual mode) and from +3 °C to +20 °C (automatic tempering programmes).
Humidity control.
Low-vibration operation for optimal long term storage conditions.
Dark brushed stainless steel interior.
Fully extendable bottle trays with hidden telescopic rails and cushioned closing system.
Bottle trays made of oak wood and solid aluminium in anthracite.
Warm white and glare-free LED light concept for optimal wine presentation in all climate zones.
3 pre-defined light scenarios and individual light settings to perfectly integrate into living environment.
Opening assist for door with two options:
1. Push-to-open function for integration into handleless furniture front
2. Pull-to-open function to facilitate opening the door using a handle
Full touch TFT display.

Handling

Opening assist for door.
Cushioned door closing system.
User guidance through light and display responses during operation.
Automatic brightness adjustment based on ambient illumination when opening the door.
Easy accessible full touch TFT display with clear text.
Animated quick guides to assist appliance usage and maintenance.
Lockable door (with door lock RVA 420 010).

Technical features

Dynamic cold air distribution.
Automatic defrosting with defrost water evaporation.
IR-sensor for automatic wine tempering programmes.
Constant air purification by activated charcoal air filter in each climate zone.
UV protection (UV transmission: 19 %).
Rest mode certified by Star-K.
When rest mode is active, the appliance can only be opened using a handle.
Open-door and malfunction alarm.

Selected digital services (Gaggenau Home Connect)

Remote control and monitoring.
Remote diagnostics.
Personalisation function for saving custom automatic tempering programmes.
Pre-defined light scenarios with individualisation possibility (Favourites).

Features

10 bottle trays, thereof 8 fully extendable.
Space for max. 11 bottle trays.
Flexible interior configuration possible with a variety of special accessories.

Characteristics
