#### Planning notes

Door hinge not reversible.  
The facade of the appliance extends 47 mm from the furniture cavity.  
Consider the overhang when planning to open drawers next to the appliance.  
When planning a corner solution, pay attention to the side-opening door and the minimum required distance to the wall.  
To achieve the 550 mm installation depth, the connection cable needs to follow the slanted edge on the lower right hand corner of the housing.  
The mains socket needs to be planned outside the built-in niche.

#### Connection

Energy efficiency class A at a range of energy efficiency classes from A+++ to D.  
Total connected load 9.2 KW.  
Plan a connection cable.
